

CowManager® Accuracy. No less.

Find my Cow™ is the latest addition to CowManager. It comes with a user-friendly locator device, which fits in your pocket and enables you to locate cows in the barn, on the feed lot or on pasture. Find my Cow is compatible with all CowManager operating systems. No matter the size of your dairy, searching for cows in heat, sick cows, cull cows or cows in the wrong pens is now easier with Find my Cow.

Find my Cow. No more Hide and Seek.

- ☑ Ease of use – simplicity of system and installation
- ☑ Saves time and labor in your daily routine
- ☑ Accurately finds cows
- ☑ Fully integrates with CowManager
- ☑ Works inside the barn AND outside for all herd sizes

CowManager is available through
