Fly & Pest Control Products

Cylence Insecticide

- Simple to use, no mixing!
- Can be used at anytime of the year, regardless of temperature or grub cycle stage.

QuickBayt Fly Bait

- Powerful fly control where you need it most.
- Treats places granular baits can't reach.

Fly Bomb LD55Z

- Use on animals and barnyard area.
- Low odor, non-flammable, non-ozone depleting.
- Optimum killing power.

Standguard

- A controlled- release premise insecticide for use in and around livestock housing for control of flies, fleas, mosquitoes, and other pests
- Most potent pyrethroid on the market

Ultra Boss Insecticide

- Effective against lice, flies, mosquitos and ticks.
- Zero milk withholding, zero meat withdrawal.

QuickBayt Spot Spray

- Ready-to-use scatter bait contains 0.5% midacloprid and has fast knockdown.
- Stays effective for four weeks.

Sticky Fly Tape

- Reel-to-reel system mounts overhead.
- Reel in fly-covered tape to expose fresh tape
- No insecticides or toxic ingredients.
- Sticky resin holds flies on contact.

Neporex

- Controls house fly larva
- Great for use in areas where manure and urine accumulate
- Minimizes risk of house fly-born parasite infestation

Ivomec Eprinex Pour-On & Cydectin Pour-On

- Zero milk withholding, zero meat withdrawal, approved for use in all lactating dairy cattle
- Controls external parasites like tail-head mites, horn flies, and grubs

Super II Dairy & Farm Spray

- Pyrethrins and Vapona insecticide combination makes for a quick knock down and kill.
- Contains two insecticides and two synergists.

Tempo Premise Spray

- Use for outdoor AND indoor surfaces.
- Broad-spectrum control against crawling & flying pests.
